

T3 Series Glare Shield was designed for the Bullard T3 and TacSight Series Thermal Imagers to enhance viewing in bright, outdoor environments by eliminating glare.

## NOTE

The T3 Series Glare Shield is compatible with MobileLink handheld receivers.

## Installation:

- 1.) Place the Glare Shield in your hands with the clips facing away from your body and the Bullard embossed logo face up. The nose "notch" should be at the bottom half of the shield, facing your body.
- 2.) With your thermal imager lens pointing down and the LCD screen facing up, tilt the Glare Shield slightly forward (away from the body), allowing the rubber housing to overlap the boot at the top of the camera screen (Figure 1).
- 3.) Next, slip the clips on each side of the Glare Shield behind the nylon straps of the camera and gently pull forward and down to create a seal around the lens. (If you are not able to create this seal, use your finger(s) to properly seat the Glare Shield) (Figure 2).
- 4.) To remove, place both hands around the base of the shield and lift straight out.

## Lens Replacement Instructions:

- 1.) Take the polycarbonate lens and the magnifying lens and place on top of one another, with the smooth side out. The "rough" side should be sandwiched in between the lenses (Figure 3).
- 2.) With the widest portion of the Glare Shield facing you, gently pull the rubber housing apart and seat the lenses inside the grooves.

Order part number T3GLARESHIELDLENS

## Clip Replacement Instructions:

- 1.) First, make sure you have the replacement part kit T3GLARESHIELDCLIPS. Using a 3/16" drill bit, drill through the circular area on each clip until the clip and button detach from the Glare Shield (Figure 3).
- 2.) To attach the new clips, place each button on the inside of the Glare Shield, placing them through the corresponding holes.
- 3.) Snap each clip to the button to secure.

Order part number T3GLARESHIELDCLIPS

## CAUTION

WHEN USING THE T3 GLARE SHIELD WITH T3 SERIES THERMAL IMAGERS, TACSIGHT® SERIES THERMAL IMAGERS, OR MOBILELINK HANDHELD RECEIVER, DO NOT POSITION THE VIEWING DISPLAY TOWARD THE SUN FOR EXTENDED PERIODS, ESPECIALLY DURING NON-USE. THE MAGNIFICATION ELEMENTS WITHIN THE GLARE SHIELD WILL CAUSE DAMAGE TO THE DISPLAY WHEN EXPOSED TO DIRECT SUNLIGHT. DETACH THE GLARE SHIELD WHEN NOT IN USE. BULLARD WILL NOT WARRANT REPAIRS RESULTING FROM SUN DAMAGE INVOLVING THE GLARE SHIELD OPTICS.
